ABOUT US

- ◆ Turn Gold Kakola is a dedicated Environmental, Health & Safety, and Social Sustainability Consulting company that provides comprehensive services focusing on critical issues related to environmental protection, and biodiversity preservation. Our name reflects our mission to turn traditional business practices into gold-standard solutions that prioritize the well-being of our planet and its ecosystems.
- ◆ We are experienced in working with a variety of industries such as mining, agriculture, transportation, oil and gas, and development

- ◆ Our team of experts is committed to guiding our clients in implementing sustainable practices that minimize their environmental impact while maximizing their long-term success.
- ◆ We understand the importance of balancing economic development with environmental conservation, and we strive to help our clients achieve this equilibrium.
- ◆ Through our tailored consulting services, we provide practical and innovative solutions that promote biodiversity conservation, reduce carbon footprint, and foster sustainable resource management.
- ◆ Turn Gold Kakola believes that embracing sustainable practices, will not only protect the environment but also enhance business reputation, build stronger relationships with stakeholders, and create a legacy of responsible corporate citizenship.
- ◆ Our goal is to empower our clients to turn their operations into models of environmental stewardship, ensuring that their "gold" not only represents financial success but also a commitment to the preservation of our planet for future generations.

OUR MISSION

- ◆ To provide exceptional consulting services that empower businesses in the mining, agriculture, transportation, oil and gas, and other development sectors to achieve environmental, social, and health sustainability.
- ◆ Through innovative and practical solutions, we aim to guide our clients in turning their operations into models of responsible stewardship, ensuring the long-term health of our planet while maximizing their success.
- ◆ We are dedicated to helping businesses integrate sustainable practices that not only benefit the environment but also contribute to their overall growth and reputation as responsible corporate citizens.

OUR VISIONS

- ◆ To be a leading consulting firm in the field of environmental, health and safety and social sustainability.
- ◆ To empower businesses across industries to integrate sustainable practices into their operations, setting new industry standards for environmental responsibility.
- ◆ To foster a global mindset, shift towards environmentally conscious business practices, influencing positive change in the way industries approach development projects.
- ◆ To be recognized as a trusted partner and advisor, known for our expertise in guiding businesses toward achieving both profitability and environmental stewardship.
- ◆ To contribute to the preservation of biodiversity and the long-term health of the planet through our consulting services and the impact of our clients' sustainable initiatives.
